

## **FISCAL NOTE**

TO: Chief Clerk of the Senate  
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: January 24, 1996

SUBJECT: **HB 2022 - SB 2074**

This bill, if enacted, will authorize the suspension of a driver license if convicted of violating an "out of service order" while driving a commercial motor vehicle. An "out of service" order requires a commercial vehicle driver to immediately correct a violation before continuing. This would require immediate posting of the order to the Department of Safety's driver license record system so that any other law enforcement officer would be aware of the existence of the order.

The fiscal impact from enactment of this bill is estimated to be a one-time increase in state expenditures for a computer change. The amount of such increase cannot be determined but is estimated not to be significant.

The fiscal impact from enactment of this bill is also estimated to be an increase in state revenues from license reinstatement fees. The amount of such increase cannot be determined but is estimated not to be significant because approximately 100 such orders are made each year.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, reading "James A. Davenport". The signature is written in a cursive, flowing style.

**HB 2022 - SB 2074**

James A. Davenport, Executive Director
